III. REPRESENTATIONS BY THE APPLICANT

The Applicant understands and agrees with the Agency as follows:

- A. Job Listings In accordance with Section 858-b(2) of the New York General Municipal Law, the applicant understands and agrees that, if the proposed project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the proposed project must be listed with the New York State Department of Labor Community Services Division (the "DOL") and with the administrative entity (collectively with the DOL, the "JTPA Entitle") of the service delivery area created by the federal job training partnership act (Public Law 97-300) ("JTPA") in which the project is located.
- B. First Consideration for Employment In accordance with Section 858-b(2) of the General Municipal Law, the applicant understands and agrees that, if the proposed project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, where practicable, the applicant must first consider persons eligible to participate in JTPA programs who shall be referred by the JTPA Entities for new employment opportunities created as a result of the proposed project.
- C. A liability and contract liability policy for a minimum of three million dollars will be furnished by the Applicant insuring the Agency.
- D. Annual Sales Tax Fillings In accordance with Section 874(8) of the General Municipal Law, the Applicant understands and agrees that, if the proposed project receives any sales tax exemptions as part of the Financial Assistance from the Agency, in accordance with Section 874(8) of the General Municipal Law, the applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the applicant and all consultants or subcontractors retained by the Applicant.
- E. Annual Employment Reports: The applicant understands and agrees that, if the proposed project receives any Financial Assistance from the Agency, the applicant agrees to file, or cause to be filed, with the Agency, on an annual basis, reports regarding the number of people employed at the project site. The applicant will receive a request for information in the fourth quarter of each year that Financial Assistance is utilized, and agrees to return the information by the end of January the following year.
- F. Compliance with N.Y. GML Sec. 862(1): Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if Financial Assistance is provided for the proposed Project:

§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.

- G. Compliance with Applicable Laws: The Applicant confirms and acknowledges that the owner, occupant, or operator receiving Financial Assistance for the proposed Project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations.
- H. False and Misleading Information: The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any Financial Assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency's involvement the Project.
- I. Recapture: Should the Applicant not expend or hire as presented, the Agency may view such information/status as failing to meet the established standards of economic performance. In such events, some or all of the benefits taken by the Applicant will be subject to recapture.
- J. Absence of Conflicts of Interest The applicant has received from the Agency a list of the members, officers, and employees of the Agency. No member, officers or employee of the Agency has an interest, whether direct or indirect, in any transaction contemplated by this Application, except as hereinafter described:

The Applicant and the individual executing this Application on behalf of applicant acknowledge that the Agency and its counsel will rely on the representations made in this Application when acting hereon and hereby represents that the statements made herein do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statements contained herein not misleading.

**LABOR POLICY
ORANGE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**

Adopted 01-12-17

The Orange County Industrial Development Agency (IDA) was established for the purpose of creating employment opportunities for, and to promote the general prosperity and economic welfare of the residents of Orange County. The IDA offers economic incentives and benefits to qualified applicants who wish to locate or expand their businesses or facilities in Orange County. When the IDA approves a project, it enters into agreements to extend these incentives and benefits to the applicant.

Construction jobs, though limited in time duration, are vital to the overall employment opportunities and economic growth in Orange County. The IDA believes that companies benefiting from its incentive programs should employ local laborers, mechanics, craft persons, journey workers, equipment operators, truck drivers and apprentices (hereinafter "construction workers"), including those who have returned from military service, during the construction phase of projects. In this way, the IDA can generate significant benefits to advance the County's general prosperity. It is, therefore, the policy of the IDA that firms benefiting from its programs shall employ workers from Orange County and the "local labor" market during all project phases, including the construction phase.

For the purpose of this policy, the "local labor" market for construction workers shall be defined as those individuals living in Orange, Ulster, Sullivan, Dutchess, Putnam, Rockland and Westchester Counties. Applicants receiving IDA benefits shall ensure the contractor/developer hire at least 85% from the "local labor" market for their approved projects. The 85% shall be by contractor and in total at the time of completion of the project. The contractor/developer is mandated to keep daily log sheets of all field workers, commencing on the date of application. Any work performed after application shall be included in the determination of overall compliance with the 85% hiring requirements of this policy. A third-party auditing firm will be engaged to monitor construction work commencing on the date benefits are granted by resolution of the IDA Board.

However, the IDA recognizes that the use of local labor may not be possible for the following reasons and the applicant may request an exemption on a particular contract or trade scope for the following reasons:

1. Warranty issues related to installation of specialized equipment whereby the manufacturer requires installation by only approved installers;
2. Specialized construction is required and no local contractors or local construction workers have the required skills, certifications or training to perform the work;
3. Cost Differentials:
 - a. For projects whose project cost exceeds \$15M, significant cost differentials in bid prices whereby the use of local labor and materials significantly increases the sub contract or contract of a particular trade or work scope by at least 20%. Every reasonable effort should be made by the applicant and or the applicant's contractor to get below the 20% cost differential including, but not limited to, communicating and meeting with local construction trade organizations, such as the Hudson Valley Building and Construction Trades Council and other local Contractor Associations;
 - b. For projects whose project cost is less than \$15M, significant cost differentials in bid prices whereby the use of local labor and materials significantly increases the sub contract or contract of a particular trade or work scope by 10% or more. Every reasonable effort should be made by the applicant and or the applicant's contractor to get below the 10% cost

differential including, but not limited to, communicating and meeting with local construction trade organizations, such as the Hudson Valley Building and Construction Trades Council and other local Contractor Associations;

4. No labor is available for the project; and
5. The contractor requires key or core persons such as supervisors, foreman or "construction workers" having special skills that are not available in the "local labor" market.

The request to secure an exemption for the use of non-local labor must be received from the applicant on the exemption form provided by the IDA or the 3rd party monitor and received in advance of work commencing. The request will be reviewed by the 3rd party monitor and forwarded to the IDA, at which time the IDA's Audit Committee shall have the authority to approve or disapprove the exemption. The 3rd party monitor shall report each authorized exemption to the Board of Directors at its monthly meeting.

In addition, applicants receiving IDA benefits and Contractors on the project shall make every reasonable effort to utilize vendors, material suppliers, subcontractors and professional services from Orange County and the surrounding counties. Applicants and contractors shall be required to keep records of those local vendors, material suppliers, contractors and professional services whom they have solicited and with whom they have contracted with or awarded. This shall be stored in a binder on site and shall be easily available for review by an authorized representative of the IDA, such as the IDA's 3rd party monitor. It shall include any documents for solicitation and contracts. It is the goal of the County of Orange and the IDA to promote the use of local veterans on projects receiving IDA benefits. By partnering with local contractors, local contractor groups, local trade unions and contractors awarded work on IDA projects, there are opportunities for veterans to gain both short term and long term careers in the construction industry.

Once approved for IDA benefits, all applicants will be required to provide to IDA staff the following information:

1. Contact information for the applicant's representative who will be responsible and accountable for providing information about the bidding and awarding of construction contracts relative to the applicant's project;
2. Description of the nature of construction jobs created by the project, including in as much detail as possible, the number, type and duration of construction positions;
3. The names, contact information, certificate of authorization to do business in the State of New York and copies of current Certificates of NYS Workers' Compensation Insurance, NYS Disability Insurance, General Liability Insurance and proof of current OSHA training certification from all contractors' employees performing work on the site; and
4. A Construction Completion Report listing the names and business locations of prime contractors, subcontractors and vendors who have been engaged in the construction phase of the project.

All Orange County IDA projects are subject to local monitoring by the IDA and any 3rd party monitor. The applicant and/or the Construction Manager or General Contractor acting as agent for the applicant on the project, shall keep a log book on site detailing the number of workers, hours worked and counties and states in which they reside. Proof of residency or copy of drivers' license shall be included in the log book, along with evidence of necessary OSHA

certifications. Reports will be on forms provided by the IDA or weekly payroll reports which contain the same information as required on the IDA issued form. The applicant and contractors are subject to periodic inspection or monitoring by the IDA or 3rd party monitor.

The 3rd party monitor shall issue a report to the IDA staff immediately when an applicant or applicant's contractor is not in compliance with this labor policy. IDA staff shall advise the Audit Committee and/or IDA Board of non-compliance by email or at the next scheduled meeting. If a violation of policy has occurred, IDA staff shall notify the applicant and contractor in writing of non-compliance and give applicant a warning of violation and 72 hours in which to correct such violation. Upon evidence of continued non-compliance or additional violations, the IDA and/or its 3rd party monitor shall notify the applicant that the project is in violation of the Orange County IDA Labor Policy and is subject to IDA Board action which may result in the revocation, termination and/or recapture of any or all benefits conferred by the IDA.

The IDA will use a third party firm or firms to monitor and audit compliance with this local labor policy, the cost of which shall be paid for by the Company in advance of the audits and held in a non-interest bearing escrow account until audits are complete.

The applicant of an IDA approved project shall be required to maintain a 4' X 8' bulletin board on the project site containing the following information:

1. Contact information of the applicant;
2. Summary of the IDA benefits received;
3. Contractors names and contact information on IDA provided form;
4. Copies of proof of exemption from labor policy;
5. Copies of any warnings or violations of policy;
6. Copy of the Executed Labor Policy.

The bulletin board shall be located in an area that is accessible to onsite workers and visitors, which should be clear and legible at least 10 feet from said board.

The applicant has read the OCIDA Labor Policy and agrees to adhere to it without changes and shall require its construction manager, general contractor and sub-contractors who are not exempt to acknowledge the same. The Applicant understands and agrees that it is responsible for all third-party auditing and monitoring costs.
